

Yahoo Watch: The Curt Jester

Michael Sean Winters | Aug. 27, 2010 Distinctly Catholic

There are so many wacko rightwing blogs, it is hard keeping up with them all. But, this entry from [The Curt Jester](#) [1] is exceptionally vile. My favorite sentence: "As an armchair observer if I was going to guess the President's religion by his actions I would say he was either an atheist or an agnostic." Nice.
