

Rachel Zoll on Perry's Religious Buddies

Michael Sean Winters | Oct. 18, 2011 Distinctly Catholic

Rachel Zoll has done an exhaustive and important service to the nation. [Her article at AP](#) [1] about some of the crazier religious views held by those to whom Gov. Rick Perry entrusted the organization of his prayer rally this summer is a must-read.

What to say? We know that Perry's Baptist friend, Pastor Jeffress, thinks that Mormons are a "cult." What to make of these Dominionists?

For all of our troubles, Rome is looking better all the time.
