

Henneberger on Gosnell

Michael Sean Winters | Apr. 16, 2013 Distinctly Catholic

I highly recommend readers to [this masterful article by Melinda Henneberger](#) [1] on the lack of coverage of the Gosnell case in Philadelphia. I find it especially curious that the editors at the Post entitled the article "Why Kermit Gosnell hasn't been on Page One." In the event, Henneberger's article did not make page 2, where her columns usually appear. It was only published online. This makes Henneberger's arguments even more damning.
