

Blessings on Jeb

Michael Sean Winters | Jun. 14, 2013 Distinctly Catholic

[Jeb Bush is busy working](#) [1] with Republican members of Congress, trying to persuade them to back comprehensive immigration reform. If anyone speaks for the "sanity caucus" in today's GOP, it is Jeb Bush. Blessings on his efforts to convince enough of the House Republicans, and especially the leadership, to permit an up or down vote in the Senate bill and enough GOP votes to pass the thing. Also, a shout out to Cong. Paul Ryan who has been speaking up for immigration reform too.
